

The Villa Grapevine

June, 2021

Villa Maria Nursing and Rehabilitation Community, Plainfield, CT
The mission of the Villa Maria is to provide outstanding care and support to our residents and their families, in an environment that promotes their individuality.

Did You Know?

June has both the longest and the shortest days of the year, depending on where you're standing! If you live in the northern hemisphere, then June 21 is the longest day of the year. If you live in the southern hemisphere, then the 21 is the shortest day of the year.

No matter where you are in the world, the end of June marks the end of the first half of the calendar year, so it's a time to reflect on the year so far.

In the underwater world of the seahorse, it's the male that gets to carry the eggs and birth the babies.

According to greetings card makers Hallmark, Father's Day is the fifth-largest card-sending holiday.
